Class Meeting Times:	course is conducted online, Mon – Sat
Course Websites:	laulima.hawaii.edu revel.pearson.com

I. COURSE DESCRIPTION

This course provides a survey of core sociological concepts and theories such as *stratification*, *inequality*, *race*, *gender*, *deviance* and *social movements* as illustrated through contemporary social issues and events confronting our global community. For the student new to the field of Sociology, the materials in this course are designed to help foster the sociological perspective and a sociological imagination in understanding the social forces that have enormous relevance in every individual's daily life.

II. STUDENT LEARNING OBJECTIVES

- 1) *Examine* social life beyond personal experiences, apply the sociological perspective in different contexts;
- 2) *Understand* the relationship between sociology and everyday life with an emphasis on comparing and juxtaposing American and global examples;
- 3) *Analyze* how the sociological imagination extends beyond national borders and how social issues have global implications;
- 4) *Focus* on major developments in society, which have or are presently creating forces that result in major social change;
- 5) *Challenge* many common assumptions and learn how the sociological perspective informs such assumptions and beliefs;
- 6) *Think* critically about the information on the social world received from the media, as well as new media and social media technologies found on the medium of the Internet;
- 7) *Understand* the connection between sociology and social policy issues in today's society.

Method of Instruction – Online

An online format has several advantages over a classroom environment.

1) Advantages

One advantage of an online course is that every student has full access to the class source material via an Internet connection any time of day, at his or her convenience, without the hassle of commuting to campus or finding a parking spot. Another advantage, is instead straining to see a projector in a classroom, sharing a textbook, or needing to photocopy, most all of the materials you will need to complete this course are available on *laulima.hawaii.edu* and *revel.pearson.com*. In fact, you need not even sit a conventional desktop PC, you can use a smart phone or tablet to access and participate in the course while on the go.

2) Considerations

There are also considerations for an online course. One is that you should have reliable access to an Internet connection with decent bandwidth, as you will need it to watch online video. Further, you will need to be able to log in several times a week in order to satisfy the requirements for this class. **Missed deadlines will not be excused by “my internet was down” or “Laulima/Revel was offline.”** *You have a full week to do each class assignment*; you should make arrangements for Internet access alternatives and to upload assignments *well before* critical due dates – not ten minutes before the midnight deadline. Another consideration is you should have a working knowledge for basic Internet usage and computer software. *See below for a list of required computer software for this class, all of which are free to download.*

3) Responsibilities

It should be noted that an online course has the same responsibilities as a course conducted in a regular classroom. As with a classroom, there is a class participation component for this online course. And with an online format, participation takes the form of *time-sensitive* assigned text and videos, chapter quizzes, and weekly forum discussions with your online classmates about those assigned readings and topics.

If you show up late in a regular classroom, say the day after a scheduled class, the room will be empty- *no one will be there to hear your input*. The same applies to this online course, **weekly assigned materials such as Revel chapter quizzes and Laulima forum participation are time critical**. If you try to post your work the week *after* it was assigned, *access will be locked out* and so you not receive credit.

This is because the rest of the class has moved on to the next week’s content. It’s unreasonable to expect your classmates to respond to late forum posts. Would you expect the entire class to show up again the day after the scheduled classroom session because *you* didn’t show the first time?

4) Self-Discipline

Although this class is online, there are real consequences for action or inaction in the class: if you do not log into the course and do the assigned work in Laulima and revel each week, you will earn a failing grade on your transcripts. Be disciplined and get into the habit of logging in at regular intervals throughout the week to do your course work.

III. REQUIRED TEXTBOOKS/MEDIA

ISBN: 9780134149592 (Book and Digital Bundle)

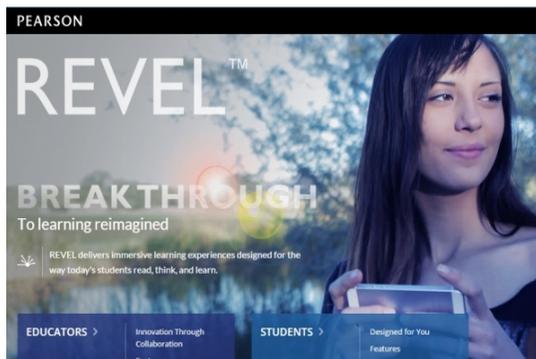

TITLE: The Sociology Project: Introducing the Sociological Imagination, Books a la Carte Edition Plus REVEL 2/E

Edition: 2.0

Copyright Year: 2015

Publisher: Pearson

Required or Optional: Required

IMPORTANT:

This ISBN is a textbook/web bundle *that includes the 1) Manza Text, 2) Access keycode to REVEL (Pearson portal) and 3) Manza eText.*

To complete weekly section mini-quizzes and chapter final quizzes, both a significant part of your course grade, you MUST access the publisher's Revel web portal, meaning you must purchase Revel access.

Each chapter of the Manza textbook, *The Sociology Project 2.0*, is written by leading sociologists in that field of study. Often they will be featured in videos within the chapter. What better way to learn about sociology than from experts who are passionate about an area of study? Further, each chapter of Manza introduces a core sociological concept as applied to contemporary issues and events in the world. The [Pearson Revel](#) website provides an eText version of Manza, as well as integrated study guides, section mini-quizzes, and the final chapter quiz.

Manza Chapters and a 14-Week Online Course

The Manza textbook has 22 chapters of content while this Extension class is only 14 weeks long. A primary goal of a survey course on the field of sociology is to help the student become familiar with the core areas of contemporary sociology. And, it is hoped, armed with this knowledge, encourage further interest in specific areas of sociology. For this reason, and to avoid burnout by covering too much material, we will only cover 14 chapters of the Manza textbook that represent foundational areas of sociological study.

Although we are essentially only covering two-thirds of the Manza textbook in this spring course, it is my hope that if you choose to take future sociology courses you will explore those topics that I was forced to omit this semester, particularly if an area skipped was of special interest to you. The Sociology department at UH offers courses that focus on many areas of study in sociology: education, health and medicine, crime and deviance, and

social movements to name a few. I encourage students to skim the unassigned chapters as primers if they are considering taking those topics at the 200 to 400 course level.

Manza chapters are short!

Before panic ensues on heavy reading assignments, I should point out here that the Manza chapters are short and laden with pictures and graphics. For example, Chapter 1, minus info-graphics and pictures, *is roughly only 14 pages of text*. Further, should you need help with a topic or concept, the chapter material is heavily supplemented with online videos and interactive study guides at the Revel web portal.

Watch the chapter numbering!

Because I tried to save students money by ordering the standard Manza textbook, all of the original 22 chapters are found in the physical Manza 2.0 book, along with the original chapter numbering. In this course syllabus, before diving in to read, *please check that the Manza textbook chapter title and number matches the schedule for that week!* You should be careful to double check after Chapter 6, as we start skipping chapters the second half of the term. The course schedule at the end of the syllabus clearly outlines the Manza chapters we will use for each week of the course.

Online Components to SOC 100

This course is administered via the UH online web portal <laulima.hawaii.edu> with the majority of course materials to found at the textbook publisher's REVEL web site <revel.pearson.com>.

1. *You will need your UH email address and password* in order to sign into **laulima.hawaii.edu** and click the button on the top of the page for **SOC 100-232**. Please get into the habit of checking Laulima at the start of the week for any course announcements. Also make sure to check your UH email account each week as vital or time-critical announcements will be emailed to you there.
2. *You must buy the Manza textbook bundle in order to gain access to **revel.pearson.com***. The Manza eText and interactive course content *is located at the REVEL web portal*. This includes the e-textbook, assignment calendar, audio and video resources, study guides, chapter section mini-quizzes, and final chapter quizzes.
3. Once a student has purchased the Manza textbook bundle, the provided online access code will allow registration on the Pearson Revel site. To set up REVEL and eText access, you will need to register at: <<https://console.pearson.com/enrollment/tvubfk>>.
4. The REVEL website should walk you through the signup process. Should you need further help, please watch this video: <<https://www.youtube.com/watch?v=pavN9npktBI>>
5. You'll need a multi-platform web browser that is up-to-date. Check for software updates within the browser if you are not sure.
 - a. Firefox www.mozilla.org/en-US/firefox/new/
 - b. Chrome www.google.com/chrome
 - c. Safari www.apple.com/safari/
6. *I have found Firefox to pre-configured best to properly display text, Java, and video on Revel*, but you still might need to adjust some browser preferences for proper playback. Should you need help configuring your browser's cookies, extensions, and permissions so that REVEL sound and video plays properly, check this Pearson help page for further details on registration access and browser configurations: <http://247pearsoned.custhelp.com/app/answers/detail/a_id/1636>

IV. COURSE REQUIREMENTS

Weekly Work Flow

Deadlines

Phase One

Begins Monday

Phase Two

COMPLETE BY:
Midnight, Thursday

Phase Three

COMPLETE BY:
Midnight, Friday

Activities

- Check the Weekly Schedule on *laulima.hawaii.edu*.
 - Log into the Manza REVEL site at *revel.pearson.com*
 - **Read the assigned Manza chapter** either in REVEL or on paper.
 - **Listen to the in-chapter audio and watch the videos** on REVEL.
 - **Study the interactive chapter activities** in REVEL chapter sections.
-
- **Take the online chapter section mini-quizzes** as you progress through the chapter online in REVEL. All section mini-quizzes should be complete by Thursday, midnight.
 - **Shared Writing Exercise.** Each week the class will have a shared writing exercise. **This will be located in the Laulima Forums** and will be graded. This is the online equivalent to a class discussion session, where after posting your initial response to the topic question, you can further explore ideas or questions about the textbook concepts within an open class discussion. Your first forum post is due Thursday, midnight.
-
- **Make sure to fully utilize the REVEL Conclusion section of the chapter each week.** This is a video and flashcard review of the chapter to help you prepare for the final chapter quiz.
 - **Take the online final chapter quiz in REVEL** by Friday, midnight.
 - On Laulima, read everyone's first forum responses in Phase Two and **respond to at least TWO other students in the forums** by Friday, midnight.

Weekly Task One: Check the Weekly Schedule in Laulima

- The start of each week, *you should first log into laulima.hawaii.edu to review the class schedule calendar and check for any class announcements.*
- Log into the Revel site at *revel.pearson.com*
 - Across the bottom of the Revel interface are calendar dates. Navigate to the dates listed to see what has been assigned and what is due. *You will typically see new material on Monday, chapter content due Thursday, and the chapter quiz due on Friday. Material is due the date it appears on the Revel calendar.* A top directory menu also exists on the upper left corner of the Pearson interface. Click to expand more options. It looks like this: 
- Weekly assigned materials are also listed in this syllabus, and on the left Laulima menu labeled Schedule.
 - Chapter readings and exercises **are listed on Mondays.**
 - The first Laulima forum post, and Revel section mini-quizzes, are **due by Thursday.**
 - The Revel final chapter quiz, and the two follow up Laulima forum posts, **are due by Friday.**

Weekly Task Two: Studying the Chapter Materials in Revel

- Once logged into Revel, click on a date on the calendar strip on the bottom of the interface to navigate to that day's assignments.
- A week before the due date of chapter materials, the chapter sections will unlock in the calendar strip on the bottom of the main Revel interface window.
- Click the calendar date to show available chapter sections in the main Revel window.
- Next, click a chapter section to expand it and load the course material in the main Revel window. Clicking on a chapter section (1.1, 1.2, 1.3, etc.) will load the interactive Manza eTextbook, along with its nested videos and audio. *Make sure to watch and listen to all supplemental materials.*
 - **On Mondays**, click the chapter introduction to review:
 - Chapter Learning Objectives and
 - The chapter's "Big Questions." Throughout the chapter, try to discover those answers, because at the end of the chapter you will find "The Big Questions Revisited."
 - **You have until Thursday, midnight** to read either the textbook or the Revel eText of the chapter.
 - You can also listen to chapter audio, but you should scan the Revel eText chapter for questions, charts, information boxes, and required in-line chapter videos not found in either the paper textbook or the audio file.
 - Make sure to watch the chapter videos found throughout the chapter eText in Revel.
 - **You have until Friday, midnight** in Revel to navigate the Chapter Conclusion section in order to review chapter videos and flashcards for terms and concepts before you must take the final chapter quiz on Friday.

Task Three: Chapter Section (1.1, 1.2, 1.3 etc.) Mini-Quizzes and the Final Chapter Quiz in Revel

- As you finish each section of a chapter (1.1, 1.2, 1.3...) you must take short 3-5 question mini-quizzes to test your comprehension. These should also help you prepare for the final chapter quiz due on Fridays. *Do not skip these!* Collectively, they are worth 14% of your total class grade.
- Complete reviewing the chapter Conclusion section (the last chapter section before the final quiz). Ideally, after reading the chapter you should review the videos and flashcards in the Conclusion section order to see what weak spots you'll need to concentrate on when you take the final chapter quiz.
- Finally, take the Final Chapter Quiz, *this is due by each Friday, midnight.*

Task Four: Lualima Forum Participation: Weekly "Shared Writing Activity"

- **First post:** After reading the Manza chapter, log into lualima.hawaii.edu. On the left menu, navigate to the Forums.
 - Apply your newfound mastery of the chapter topic to the weekly topic with a forum post in the single clearly marked forum thread on the Lualima site. Your first post should be at least a couple paragraphs.
 - *Note: forum posts are your primary class participation grade in an online class and 26% of your final course grade.* Don't skip this task thinking you'll pass the course with better than a "C".
 - **This initial post is due in the Lualima forums by Thursday, midnight.**
- **Follow up posts:** read your classmates' initial posts and provide feedback to at least TWO other students in the same forum thread. *You should contribute in the same single forum thread where everybody in the class is also commenting.* Short single sentence responses like "I agree", "I think so too" are not feedback. Short responses will not count towards the participation score.
 - **Post your two follow up responses to other students in Lualima by Friday, midnight.**

CAUTION: If you happen to navigate to the Manza *Table of Contents* in the Revel interface, ignore the sections titled "Shared Writing" for each chapter in Revel. I can hide them in Assignments and the bottom calendar, but not the Manza TOC. **DO NOT post in these!** Nobody will see them and you will not get credit. Post your weekly shared writing contributions *only* in the Lualima forums.

V. GRADING CRITERIA

There are 4 components to your grade in this course:

- 1) **Revel Final Chapter Quizzes (14 Chapter Quizzes).** Each student must take the Revel Final Chapter Quiz by Friday of each week at 11:59 PM Hawaii time.
 - **The 14 Chapter Exams in Revel comprise 35% of the course grade.**
- 2) **Revel Section Mini-quizzes (Chapter Section quizzes).** Each student must complete all of the weekly assigned section mini-quiz materials in the Revel Course Schedule.
 - **The mini-quizzes in the 14 Revel Content Units comprise 14% of the course grade.**
- 3) **Laulima Weekly Forum Shared Discussion posts.** Students are required to contribute to a discussion about the weekly chapter **on the Laulima site forums**. The discussion forum presents the opportunity for online classmates to directly interact and collectively discuss/analyze the weekly topic.
 - **Weekly discussion Forum participation in Laulima comprises 26% of the course grade.**
 - *Due Thursday of each week, each student must first contribute a forum post relevant to the weekly discussion topic introduced by the instructor. Content should be at least a few paragraphs in length. You may, of course, write your first post as early as Sunday.*
 - *After the first batch of forum posts, each student should respond to at least TWO other students in the weekly discussion forums by Friday. You should confine your posts to the one threaded discussion about the weekly topic. Posts outside the main thread will be deleted. You are encouraged to post more than the minimum three required posts each week, as a lively debate on the weekly topic is the point of these participation assignments.*
 - **To summarize:** Your first post is due on Thursday and TWO follow-up responses by *Friday*. Posts should indicate you are actively reading the assigned material and other students' posts. Further, your posts should respond to the weekly topic in a meaningful way. Terse responses such as "I agree" and "I think so too" are not meaningful forum discourse and *will receive no credit*.
 - *If your posts are time-stamped the week the topic was assigned, you receive full class participation credit. However, if you did not post the week of the assignment, trying to post on past-due topics later in the semester will grant no participation points for that week as weekly threads lock and do not allow new posts after the assigned week has passed. Post on time!*
- 4) **Midterm and Final Essay.** In addition to the online weekly content, I'd like to see if you can synthesize what you have studied in the class into a cogent academic discussion.
 - **The Midterm and Final Essay, together, comprise 25% of your course grade.**
 - **The Mid-term essay paper should be a minimum of 500 words, and the Final Essay 750 words.**
 - **You will pick one sociology topic taken from the assigned chapters.** The Midterm will draw from chapter material covered in weeks 1-7, and the Final Essay will draw from chapter material covered in weeks 8-14.
 - **Essay guidelines:**
 - The essay paper is not a summary of the reading material assigned, nor a copy/paste of the weekly Laulima forum discussions.
 - The essay should have the flow of a social science paper: a clear thesis statement related to a sociological problem, a body of 2-3 examples to support your argument, and a conclusion that uses the sociology chapter material you have learned in order to perform analysis of the social issue and perhaps offer some logical solutions.
 - The paper should indicate that the student has read/watched the weekly materials by citing theories in the text that support the essay argument.

- In addition to the assigned chapter materials, you can cite outside material as sources to support your arguments, provided they are properly cited in the ASA citation format within the paper*.
- A essay format template has been provided as a PDF in the top level of the Lualima Resources directory.
- To post your completed essay, log into **laulima.hawaii.edu**, and navigate to the left menu titled Essays. Find the appropriate link and **attach your completed essay as a PDF or .doc file before the listed deadline**. *The .doc format is preferred by the instructor.* Please put your last name in the file document name and on the top of each page of the essay.

* **Note:** *Guidelines for the American Sociological Association’s (ASA) format for research papers and citation can be found as a PDF at <Lualima/SOC 100/Resources/ASA Style Guide Lite For Research Papers.PDF>*

Grading

The final grade for the course will be based on the total number of points earned in the four components of the course. The weight assigned for each component is as follows:

Component	Number	x Point Value (ea.)	= Total points	Grade %
Quizzes*	14 chapters	25	350	35
Forum Posts	42 (3 per Week)	6	260	26
Mini-Quizzes*	14 chapters	10 (for each chapter)	140	14
Midterm Essay	1	100	100	10
Final Essay	1	150	150	15
Total Possible			1000	100

*Note that the point values assigned in Revel for quizzes are not directly imported into the final UH course grade, just the proportional value earned. *For example, Revel chapter quizzes are worth 75 points at the Pearson web portal. A 63/75 score on a Revel chapter quiz is a B (84%). Chapter quizzes are valued at 25 points in the final course grade. That B earned in Pearson will be recorded in the UH Lualima grade book as a score of 21/25 (also 84%). Further, any fractions/percentages will be rounded up in the student’s favor.*

Final Grades

97-100%	A+	82-84%	B	69-71%	C-
93-96	A	79-81	B-	65-68	D+
89-92	A-	75-78	C+	62-64	D
85-88	B+	72-74	C	59-61	D-
				0-58	F

University Policies

1) KOKUA – Students with Disabilities

For students with disabilities who may feel the need for assistance during the semester, please feel free to contact me in private. Further, we can work with the KOKUA Program to offer additional assistance. If you are not familiar with the KOKUA program, here is their contact information: <http://www.hawaii.edu/kokua/>

2) Academic Integrity - Cheating & Plagiarism

Students in this course are expected to comply with the University of Hawaii's Policy on Academic Integrity. *"The integrity of a university depends upon academic honesty, which consists of independent learning and research. Academic dishonesty includes cheating and plagiarism. The following are examples of violations of the Student Conduct Code that may result in suspension or expulsion from UH Manoa."*

The original source, and further detail on these policies, can be found here:

<http://www.catalog.hawaii.edu/about-uh/campus-policies1.htm>

It is the responsibility of each student to know the University of Hawaii code of conduct, and in relevance to this class, the rules regarding and the consequences of cheating and plagiarism. Ignorance of these rules will not excuse any misconduct. To quote from page 6 of the University of Hawaii Student Code of Conduct:

"Plagiarism includes, but is not limited to, submitting, in fulfillment of an academic requirement, any document that has been copied in whole or in part from another individual's work without attributing that borrowed portion to the individual; neglecting to identify as a quotation another's idea and particular phrasing that was not assimilated into the student's language and style or paraphrasing a passage so that the reader is misled as to the source; submitting the same written or oral material in more than one course without obtaining authorization from the instructors involved; or dry labbing, which includes obtaining and using experimental data and laboratory write-ups from other sections of the course or from previous terms or fabricating data to fit the desired or expected results."

Final Essay, due

- Starting on Week 12, you have two weeks to do this assignment. I will not accept late essays.
 - **The essay paper should be a minimum of 750 words**, roughly 3 pages if printed out as a double-spaced document. You should attach it as either a PDF or .doc file in Laulima under the menu item titled Essays. See the PDF on Laulima for formatting guidelines.
 - *The essay should have a clear thesis statement and sense of sociological problem, a body of examples to support your argument, and conclusion with analysis that wraps up the discussion.*
 - The final essay should draw from chapter material covered in weeks 8-14.
 - The essay paper is not a summary of the reading material assigned, nor a copy/paste of the weekly Forum discussions.
 - The paper should indicate that the student has read/watched the weekly materials by citing theories in the text that support the essay argument.
 - In addition to the assigned chapter materials you can cite outside material as sources to support your arguments, provided they are properly cited in the ASA citation format within the paper.
