**I. COURSE DESCRIPTION**

SOC 357 Sociology of Japan (3) (from the course catalogue): Persistence and change in economy, policy, religion, education, family, and other institutions of modern Japan. This is an online class offered via Laulima. After registering for the course, students may access the class at <https://laulima.hawaii.edu>. Students are required to use their UH account (username@hawaii.edu) for the duration of the course. For additional information about online classes, see [www.hawaii.edu/dl](http://www.hawaii.edu/dl).

**Detailed Course Description**

How do we understand peoples in other societies with different cultures from our own? To better understand Japanese society, culture, and its people, this course will use the lens of sociological inquiry and theory in order to examine how cultural constructions and social relations structure everyday life in contemporary Japan. The course examines the structural foundations of post-war Japanese society as well as the contemporary challenges facing Japanese culture today. Through academic readings and online media students should acquire an analytical sociological perspective on contemporary Japanese culture and society by the end of the course.

**II. STUDENT LEARNING OBJECTIVES**

When students complete this course, they should be able to:

- 1) Describe and understand the basic theoretical approaches in sociology that are used to analyze Japanese society.
- 2) Identify key societal features and the mental maps for those patterns of behavior within Japanese society.
- 3) Understand and deconstruct the differing viewpoints and perspectives on Japanese culture and social structure.
- 4) Evaluate persistent social issues in Japan as well as be able to identify emerging problems for Japanese society in the coming decades.
- 5) Provide in-depth sociological analysis on particular features of Japanese society in the form of social science papers that use the American Sociological Association (ASA) citation style.

## Requirements: Student Responsibilities for Online Courses

With an online course every student has full access to the class source material via an Internet connection any time of day, anywhere in the world, at his or her convenience, without the hassle of commuting to campus or finding a parking spot. But as with face-to-face classes, online courses also come with certain responsibilities.

One is that you should have reliable access to an Internet connection with decent bandwidth as you will need to watch online video. Further, you will need to be able to log in several times a week in order to satisfy participation requirements for the class. Missed deadlines will not be excused by “my internet was down”- you should make arrangements for internet access alternatives before critical deadlines. Another requirement is you should have a working knowledge for basic internet usage and computer software. *See below for a list of required computer software for this class, all of which are free to download.*

Second, with an online course it is important to *thoroughly read* the syllabus and weekly assignments *carefully* so that you know exactly what you need to do over the term. As an online course, the syllabus provides a road map for the course from start to finish. You are encouraged to read ahead, as most all of the assigned material is right there in the syllabus on day one.

Third, an online course has the same class participation responsibilities as in a regular classroom. Online class participation is in the written form of weekly assignments and weekly discussions with your online classmates about the assigned readings and topics.

**There are SIX components to your grade in this course.**

**1) Five (5) Sociology Field Lab [Lab] Assignments (25% of final grade).**

*For Field Lab activities you are expected to post at least THREE times OVER two weeks:*

**[Lab Phase One]**

*Deadline: Week assigned. Midnight, 1<sup>st</sup> Saturday (11:59:59 PM, Hawaii time).*

- At the start of each course unit, the instructor will post a Field Lab activity in a separate forum on Lulima (every 2-3 weeks). This social science activity is related to assigned chapter topics and usually *entails direct observation or interaction with people outside of the class*.
- Follow the instructions for the Field Lab activity. It's best that you take notes or write up a few paragraphs of observations while you are doing the activity to help you analyze the situation later.
- By Saturday night, post your findings and conclusions to the stickied thread within the appropriate "Field Lab" forum on Lulima. *Your findings Phase One post is a social science report and should be at least couple paragraphs in length breaking down what you did, the data you gathered, your findings, and your analysis. **Note that this is part of your WI grade, so spelling, grammar, and structure are important.***

**[Lab Phase Two]**

*Deadline: By following Week. Midnight, 2<sup>nd</sup> Saturday (11:59:59 PM, Hawaii time).*

- Read everyone's findings in the weekly Field Lab forum thread. **Respond to TWO (2) posts** from Phase 1 *by midnight, Saturday the following week*. Your feedback should compare your findings on the task with other students. Were your conclusions similar? If they were different findings, why do you think so? *Each answer should be at least 1-2 paragraphs in length.*

## 2) Ten (10) Weekly Discussion Forums (25% of final grade).

*For forum discussions you are expected to post at least FOUR times throughout EACH week:*

### [Forum Phase One]

*Deadline:* Midnight, Wednesday (11:59:59 PM, Hawaii time).

- The instructor will post several discussion topics centered on the week's readings by each Monday for the week's topic.
- Read ALL the assigned reading materials, and **answer TWO (2) of the topic questions** presented by the instructor in the "Weekly Forum" section in Lualima under the marked weekly thread by midnight, Wednesday. *Each answer should be at least 2 paragraphs in length. Note that this is part of your WI grade, so spelling, grammar, and structure are important.*
- *Use ASA style citation with specific pages in the textbook (Hendry 2012:1-22) to support arguments. It will prepare you for the format expected in the Mid-term, Final Exam and Term Paper.*

**Note: You are expected to FULLY ANSWER TWO FORUM QUESTIONS EACH WEEK. Treat them as assigned, graded essays.**

### [Forum Phase Two]

*Deadline:* Midnight, Friday (11:59:59 PM, Hawaii time).

- **FULLY analyze and respond to TWO (2) classmates Phase One posts.** *You should strive to use citation of the assigned readings to support any arguments or expansions to the original poster's analysis. Each answer should be at least 2 paragraphs in length and be scholarly in content. Note that this is part of your WI grade, so spelling, grammar, and structure are important.*

### Forum Guidelines (For both Lab and Weekly Discussion posts)

- a. ***Both activities are part of your WI grade, so spelling, grammar, and structure are important.***
- b. In order to get full credit for the week's participation, you must clearly state in each post:
  - Which question # you are answering.
  - For Phase 2, include the name and quote of the student your response post is directed toward.
  - Include cited sourcing to the assigned readings; American Sociological Association (ASA) style citations with author and page number required.
- c. *If your forum posts are time-stamped by the topic due date, you will receive full class participation credit. Forum threads are locked after their due date. Be on time.*
- d. Students are required to participate in the weekly assigned reading topic by contributing to a collaborative forum thread found on Lualima in the "Forums" section. The discussion forum presents the opportunity for online classmates to directly interact and collectively discuss/analyze the weekly topic as they build a shared understanding.
- e. Questions about assigned course material posted by the instructor will be tested for in the Unit Quizzes, Mid-term and Final exam. The weekly discussion forums present a low-pressure opportunity to improve your understanding of the assigned topics with fellow classmates before being tested. Use the forums!
- f. **Weekly posts are read and monitored by the instructor and should become a shared conversation between the instructor and all students throughout the week on the particular topic.** Your post must demonstrate intellectual engagement with the topic, show evidence of thoughtfulness, be constructive, not be disrespectful, *and be on time.* The instructor will respond in the forums from time to time, responding to the instructor does count towards your phase two participation.

**3) Four (4) Unit Quizzes (10% of final grade)**

On the week after each class unit, a **short** quiz of 5-10 questions will be administered on *Laulima*. This short quiz will be comprised of multiple choice and true/false questions about the unit material covered. It should only take 10-15 minutes to complete. Quiz content will focus on assigned reading materials and will test reading comprehension. Further information on quiz format and grading will be provided during the semester.

**4) A Mid-Term Essay Exam (20% of final grade)**

This assignment is comprised of short and long form essay answers. Students will write approximately 750 words for these essays. The midterm will be comprised of questions based on the first five (5) weeks of assigned course content. The midterm questions will be announced the end of Week 5. Students will have one week to complete their midterm essays and turn them in at the end of Week 6. Information on the expected formatting and grading rubrics of the midterm essay will be provided during the semester.

**5) A Final Essay Exam (20% of final grade)**

The final essay questions will be drawn from the course materials covered between weeks 6 to 10. The final essay questions will be posted the end of Week 10. Students will have about one week to complete their final essays during exam week and turn them in on the last day of the term. Information on the expected formatting and grading rubrics of the final essay will be provided during the semester.

A finished copy of each assignment is to be uploaded by the student to Laulima as a forum post, *PDF*, or Microsoft Word *.doc* document as appropriate by the posted due date. Assignments turned in after the due date will be assessed a grade penalty. **Late assignments are penalized one letter grade per day after the posted due date until delivered to the instructor.** If a student has a valid reason for which they are unable to deliver work during the assigned period, they should be prepared to provide documentation to the instructor. Otherwise, students will receive a zero on their course grade for any assignments not turned in.

***KOKUA – Students with Disabilities or Special Needs***

For students with disabilities who may feel the need for assistance during the semester, please feel free to contact me in private. Further, we can work with the KOKUA Program to offer additional assistance. If you are not familiar with the KOKUA program, here is their contact information: <http://www.hawaii.edu/kokua/>

***Academic Integrity - Cheating & Plagiarism***

Students in this course are expected to comply with the University of Hawaii's Policy on Academic Integrity. *"The integrity of a university depends upon academic honesty, which consists of independent learning and research. Academic dishonesty includes cheating and plagiarism. The following are examples of violations of the Student Conduct Code that may result in suspension or expulsion from UH Manoa."*

The original source, and further detail on these policies, can be found here:

<http://www.catalog.hawaii.edu/about-uh/campus-policies1.htm>

It is the responsibility of each student to know the University of Hawaii code of conduct, and in relevance to this class, the rules regarding, and the consequences of, cheating and plagiarism. Ignorance of these rules will not excuse any misconduct. To quote from page 6 of the University of Hawaii Student Code of Conduct:

*"Plagiarism includes, but is not limited to, submitting, in fulfillment of an academic requirement, any document that has been copied in whole or in part from another individual's work without attributing that borrowed portion to the individual; neglecting to identify as a quotation another's idea and particular phrasing that was not assimilated into the student's language and style or paraphrasing a passage so that the reader is misled as to the source; submitting the same written or oral material in more than one course without obtaining authorization from the instructors involved; or dry labbing, which includes obtaining and using experimental data and laboratory write-ups from other sections of the course or from previous terms or fabricating data to fit the desired or expected results."*

The original source, in full, is here:

[www2.honolulu.hawaii.edu/sites/www2.../policies-student-conduct.pdf](http://www2.honolulu.hawaii.edu/sites/www2.../policies-student-conduct.pdf)

**In particular, ethical breeches of dry-labbing will not be tolerated in this course. Borrowing data from another source or fabricating results is a serious offense in academics as it weakens the entire scientific foundation upon which professional research is based. *If a student is found to have fabricated or plagiarized any part of their Field Lab projects, I will have no recourse but to recommend UH academic disciplinary action.***
