Skill Set:

- **Teaching Background:** I teach a full-time workload of University-level sociology coursework within the Social Sciences department. I am responsible for meeting classes, instructing, advising assisting and tutoring students as well as grading and evaluating student performance. I have 10 years of experience teaching in face to face, online or hybrid classrooms. In my role as an instructor, I help to develop a learning community that supports diversity and the exploration of the sociological imagination.
- **Computer Skills:** Microsoft Office, SPSS, SAS, Lualima, Blackboard, Webct. I have broad online course content development experience across various levels (Soc. 100-453) and software platforms (Mac/PC/Droid/IPhone).
- **Research Skills:** I have worked with large quantitative datasets, developed surveys, processed statistical reports and have collected qualitative data longitudinally on multiple projects.
